

Form CRS – Client Relationship Summary

As of March 27, 2023

Introduction

Lind Capital Partners (“LCP”) <http://www.lindcapitalpartners.com> is registered with the U.S. Securities and Exchange Commission (“SEC”) as an Investment Adviser. Brokerage and investment advisory services and fees differ. It is important for a retail investor to understand the differences. There are free tools available for investors to research firms and financial professionals at www.investor.gov/CRS. This site also provides educational materials about broker-dealers, investment advisers, and investing.

What Investment Services and advice can you provide me?

We offer investment advisory services to retail investors. These services primarily include advice about buying and selling individual fixed income securities, specifically focusing on municipal securities issued by agencies, authorities’ and instrumentalities of states and local governments. Our firm offers advisory services to separately managed accounts and serves as investment manager to the Lind Capital Municipal Credit Income Fund, a registered interval fund. Our services include periodic review of your investment portfolio as part of regular services. We will typically manage your account(s) with discretionary authority. This means that we will be authorized by you to make investment recommendations for your account(s) and will buy and sell the securities we have recommended to you without contacting you in advance.

We limit our recommendations to a fixed-income strategy that is focused on tax-exempt municipal securities. We require an account minimum of \$2,000,000 to open a separately managed account. For more detailed information about our services, refer to our [Form ADV 2A http://www.lindcapitalpartners.com/hidden/LCPADV.pdf](http://www.lindcapitalpartners.com/hidden/LCPADV.pdf).

Conversation Starters. Ask your financial professional...

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What fees will I pay?

We charge retail clients fees based on the value of the assets in the account. The standard fee schedule for discretionary separately managed accounts is an annual rate of 0.75%. Our fees for separately managed accounts are calculated as a percentage of the account value on the last trading day of each calendar quarter and payable at the end of each quarter. For accounts that start or terminate mid-quarter, the fee is pro-rated for the number of days that the account was open during the period. Since we are an investment adviser which charges an asset-based fee, the more assets there are in your account, the more you will pay in fees, and LCP therefore has an incentive to encourage you to increase the assets in your account.

Other fees that may be charged to you depending on your account or custodian are fees paid to the custodian, fees related to exchange traded funds, as well as other transaction fees, brokerage fees and commissions for municipal transactions when executed by a dealer or through a new issue, sub-agent transfer fees which are fees shared between broker dealers, SEC or exchange fees, transfer taxes, wire transfer and electronic fund fees, mailing or overnight express delivery, and other fees and taxes on brokerage accounts and securities transactions. For investors in our proprietary private funds, specific fee and related expense information can be found in the offering documents for each of our proprietary funds.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Form CRS Relationship Summary

The fees for investment advisory services are described in further detail in our [ADV Part 2A](http://www.lindcapitalpartners.com/hidden/LCPADV.pdf) Items 5.A., B., C., and D. <http://www.lindcapitalpartners.com/hidden/LCPADV.pdf>.

Conversation Starter. Ask your financial professional...

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We serve as the investment manager to a proprietary interval fund. You may, but are not required to invest in this proprietary fund. Specific fees and related expense information can be found in the fund prospectus.

When you are charged an asset-based fee for your separately managed account with LCP, the more assets there are in your account, the more you will pay in fees. It will benefit us to recommend that you increase the assets in your account, and make IRA rollovers from 401(k) plans to accounts managed by us.
